Reported Engagement on the  
Frontier, with Bulgars  
Heaviest Losers.

**SALONICA, Oct. 21.**—Seventy Bulgarians and ten Turks are reported to have been killed in an encounter between troops on the frontier at Djourmaya.

A Bulgarian band, while trying to enter Turkish territory near Palanka, was annihilated, according to another report. BELGRADE, Oct. 21.—There is intense rage over the treatment in Austrian territory of a special envoy, Gen. Vukotich, from the Prince of Montenegro to the King of Serbia. He was halted by Austrian police at Agram and forcibly detained for quite a while, finally being released and allowed to proceed, but without his orderly or baggage. His arrival here was followed by a great demonstration.

**DAUGHTER OF MINISTER  
EGAN HOME, A BRIDE.**

On the steamer Heligoland, of the Scandinavian-American line, which arrived to-day after a tempestuous voyage, were J. Elmer Murphy, of Washington, and his bride, Patricia, daughter of Maurice Francis Egan, Minister to Denmark. They were married in Copenhagen Sept. 10.

At the marriage the couple received congratulations from the Pope, President Roosevelt, the King and Queen of Denmark, King Edward, and from Alben Barkley, the former Danish Minister of Finance, who begged to be excused from attending. Two days later, Al-

bert surrendered on charges of stealing \$200,000 from the Danish Government. Miss Molly Meehan, of No. 206 Greene avenue, Brooklyn, who was bridesmaid, accompanied Mr. and Mrs. Murphy home. Mr. Murphy is a newspaper man.

Other passengers on the liner were Mr. and Mrs. A. E. Johnson, Mr. Johnson is agent of the line as well as Swedish Consul to this city.

### How to Wash Cut Glass.

It is best to use a wooden tub for washing cut glass, but if one is not at hand pad the metal dish sink with soaked glass linen towels or any soft pieces of cotton. Wash the glass in warm suds, made by dissolving a teaspoonful of Gold Dust washing powder in a pan of warm water; use a soft brush to clean the surface, rinse in water of the same temperature. After the glass has been carefully dried on glass linen use a camel's hair brush to polish the cut surface. To clean the inside of water bottles insert a very thin glass linen towel and force to all parts of the bottle with a wire holder that can be purchased at any five cent counter.

## The MEN'S STORE

(New Wanamaker Building)

The whole ground floor of our new building, set apart for the exclusive, prompt and satisfactory serving of men and boys, and filled, at this very moment, with the best kinds of Fall and Winter wearing apparel. Of which, these specific notes:

### Men's SHIRTS and SCARFS

Ready-to-Wear To-Order

The wide diversity of styles and prices that characterize this fine collection of Men's Scarfs and Shirts, and materials for making them to order, is typical of every division of this Men's Furnishing Store. Spaciousness, variety, exclusiveness—all lend attractiveness. Many things are here in the way of handsome shirts, rich neckwear silks, luxurious lounging robes, gathered by our experts from far and wide, for the approval of the New York man who knows how to dress. Among them: ENGLISH and FRENCH NECKWEAR SILKS, in beautiful, exclusive designs for Scarfs to Order. The patterns and colorings range from grave to gay, from reserved to striking. Qualities are superb. We make these silks up in any desired style of scarfs, at \$1.75 to \$2.50.

**SCARFS READY-TO-WEAR.** Without any doubt at all, the finest collection of men's neckwear in the city, at the largest price-range. At 50c, \$1, \$1.50 and \$2 there are superb assortments of the latest colorings and patterns—each scarf made up in the best possible manner for its price. The prevailing shape is the folded-end four-in-hand, 2 1/2 in. wide, to tie in a small knot with the lock-front collar. Many handsome new striped effects are shown in satin and repp silk.

**SHIRTS READY-TO-WEAR.** Another unexcelled display, presenting a variety of materials and patterns to suit every man. All materials are carefully selected, and the style and finish of the shirts are the best that skilled makers can turn

out. We are showing some particularly good-looking shirts for Fall wear, of handsome percales printed in most effective stripes, with plaited bosoms, attached cuffs, at \$1.50. The assortment of shirts at \$1 has no rival in variety or excellence. Smart shirts from our own workrooms, of imported madras, at \$2.

**MATERIALS FOR SHIRTS-TO-ORDER.** We select these abroad, taking pains to secure exclusive patterns for negligee and colored stiff-bosom shirts, and the collection is wonderfully attractive. The fabrics we put into our Evening Dress Shirts are excellent; and the fit and making are in all cases irreproachable. For which reason we have a constantly widening circle of satisfied customers.

Colored Shirts, of imported materials, \$3.50 to \$7.50. White Dress Shirts, \$2 to \$5.

**OTHER INTERESTING groups of Men's Furnishings** include luxurious Angora Garments, of which we are sole importers, Paris Lounging Robes, House Coats, Evening Dress Protectors, and so on. Main floor, New Building.

### And Now It Is Certainly Time for Your FALL OVERCOAT

It has been good weather, so far, for the man who knew he needed a new overcoat, but has been putting off buying it. Now it's our turn—and we are ready to help you right into as fine an overcoat as you care to wear, beginning with the best overcoats sold in the city today at \$15, and winding up with a splendid group at \$38. A little extra emphasis on our

#### OVERCOATS at \$16.50

because they are particularly good for the price, and a great many men are buying them with outward and visible signs of satisfaction. Seven different models are sold at this very moderate price, all of them in the Chesterfield style, which easily leads the others in popularity. Five of the seven are in handsome fancy chevrons, in the new shades of browns, greens and blues. The coats are 40 and 42 inches long, with loose backs and self collars. The other two are in black and Oxford gray, 42 inches long, lined with fine serge, full silk-faced to edge. \$16.50 each.

They are fit examples of Wanamaker clothing excellence, durability and character—and differ in these respects in nowise from our other overcoats at higher or lower prices.

### Men's Derbies at \$1.75

Little imperfections in finish showed up under critical inspection in the "bodies" of these hats, hence the maker could not use them for his \$3.50 and \$5 grades, as he intended. But they don't affect the service of the hat, and are pretty hard to discover.

The leathers, bindings and trimmings are excellent, and the hats are in a variety of correct Fall and Winter blocks. Black and shades of brown. A clear saving of \$1.75 to \$3.25 on your new Derby—\$1.75 each.

Perhaps you'll be minded to invest some of your savings in one of these favorite and stylish

#### Green Soft Hats—"De Brazza" Model—at \$1.75

They are exact copies of the wonderfully popular soft hat we brought over from Paris, and introduced here, earlier in the season. Soft texture, clear green tone, very comfortable—a lot of style and quality in a soft hat for \$1.75!

### The \$5 Shoes for Men

These splendid shoes need no introduction to a large and ever-increasing group of men. But we want to bring them within the ken of every man who is accustomed to paying five dollars for his shoes—or a little more—and expecting correct style, proper finish, positive comfort and long service for his money. We can give the \$5 man better shoes than he has ever had before at the price, and satisfy the man who has paid \$6.

The shoes are constantly being improved,—by our own efforts, and our contact with the wearers, their suggestions, and criticisms. Unnecessary to print a catalog of lasts and leathers—come expecting to find exactly the shoes you need, in the new Fall and Winter models now being shown.

## The WOMAN'S STORE

(Old Stewart Building)

A fashion show of much charm, gathered from foreign style centers and our own American designers; complete stocks of the staple sorts of wearing apparel for cold weather needs; interesting offerings of specially-priced merchandise—these are the threefold attractions of this beautiful Store for Women.

### \$30 for These Stylish Tailored Suits

Another example for our continuing alertness, in producing these beautifully tailored suits for women, up to the latest minute in style, at very moderate prices.

The present model proclaims its foreign inspiration at a glance. Lines are distinctly chic—the coat hanging perfectly straight from the shoulder, with a straight under-arm seam which does away with the curve at the hips, and giving the desirable tall, slender appearance to the figure.

The coat is 43 inches long, single-breasted, slightly cutaway, fastened with six braided buttons, has large, low pockets, high Danton collar, finished with scarf of satin, and closely fitting coat sleeves, with cording of satin, and buttons.

The skirt is clinging, gored style, the seams finished with inverted plait.

Material is fine broadcloth, in black, brown, blue and wistaria.

Suits of much character and attractiveness—\$30.

Second floor, Old Building.

### Women's Velour du Nord and Silk Coats

An Unmatched Variety of Models

The woman who appreciates original and exclusive styles and handsome materials will find the coat she wants in this fine assortment. They are the best work of foreign fashion artists, and were designed specially for Wanamaker's, our representative suggesting changes that would make the garments particularly acceptable to the tastes of American women. In this collection of coats, the largest ever brought over, are over ninety distinct models:

At \$42 to \$80—Jaunty Short Coats of velour du Nord, in a variety of styles; some are collarless, others have collars and revers; some are plain, others are finished with touches of braid or colored embroidery, or are made in cutaway styles, or with vests.

At \$50 to \$120—Long Velour du Nord Coats, made in various styles, some Empire, others with full loose backs. The high ruche collar and the large revers are among the new features. All these coats are elaborately applied in braid and hand-embroidery.

At \$50 to \$165—Coats of satin, cotele silk and faille marquise, made in various lengths, in a variety of styles. Some very full and loose, others semi-fitted, made with or without collars. All are lined and interlined.

Also two new models in Domestic Coats of satin, copied from foreign garments, both 52 inches long, one with cloth strappings, revers and collar to correspond, the other trimmed with braid. Price, \$28 each.

Second floor, Old Building.

### Something New In Women's HATS

Every day newcomers bring exclusive styles in smart Walking Hats, chic Turbans and stylish Dress Hats—every model designed with reference to becomingness, good taste and individuality, qualities most women are as particular about as the style features. These new, fashionable hats are priced at \$5, \$6 and \$8, but they look like \$10 and \$12 hats.
